Assessment 2: Presentation

Week 7 to 9, 2nd Semester, 2025/2026 Academic Year

INSTRUCTIONS TO CANDIDATES

1. The presentation accounts for 45% of the overall grades for the module. The full marks for the presentation are 100 points.
2. The presentation must be delivered orally in English.
3. The presentation is required to be delivered onsite.
4. Both the supervisor and the second examiner will evaluate the presentation.
5. The presentation will be scheduled between Week 7 and Week 9 of the second semester of the 2025/2026 academic year. **The exact date and time will be determined by the supervisor and the second examiner.**
6. While the presentation schedule may vary for each student, all students are required to complete their preparations and submit their slides by the start of Week 7.
7. The file name of slides should be “FYP Presentation_student name_student number”. Students cannot revise slides after the deadline. The slides for the presentation should be submitted via Learning Mall Online before **9:00 AM on April 13, 2026** (China Standard Time, UTC/ GMT+8). Late submissions will be subject to the university's late submission policy.

Assessment 2: Presentation

Each student is required to deliver a 20-minute presentation summarizing your progress of FYP report. You are expected to effectively communicate your key research findings and insights. The presentation should cover the following components: (1) research background, motivation and objectives; (2) literature review and conceptual framework; (3) methodology; (4) analysis and discussion of results. Following the presentation, students will address questions from their FYP supervisor and second examiner regarding the content presented. Students will receive formative feedback from both examiners on their research project.

The presentation must be conducted onsite. Online presentations will only be considered in exceptional cases, such as when a student is required to remain off-campus due to unforeseen circumstances. In such cases, students must obtain prior approval by contacting IBSS.FYP@xjtlu.edu.cn before the scheduled presentation date.

To illustrate how the presentation is assessed, the *BUS303 Final Year Project Presentation Marking Scheme* is attached for your reference.

Appendix: University Marking Scale and Descriptors

PG Outcome	UG Outcome	Range	Verbal Anchor	Marking Descriptor
Distinction	1 st Class	100	Perfect	+ The best answer/performance that could be expected from a student at their level of study.
		90-99	Exceptional	KU: systematic and advanced, with considerable depth and a critical approach in most aspects. AS: full mastery and critical awareness beyond normal expectations in most aspects. MQC: highly critical, complex and elegant, exemplary in academic and professional standards. + Highly original and/or creative in its overall approach, or consistently excellent in all aspects.
		80-89	Outstanding	KU: systematic and advanced, showing extra depth and/or critical approach in some aspects. AS: proficient and systematic in any scenario, indicating full awareness of methods and tools. MQC: critical, complex in structure, rich in expression, rigorous in integrity and professionalism.
		70-79	Very Good	KU: comprehensive, organised and advanced, with only insignificant gaps, if any. AS: entirely appropriate and systematic in any scenario, showing awareness of methods and tools. MQC: critical, complex in structure and logic, accurate, fully compliant with academic standards.
Merit	Upper 2 nd Class (2:1)	60-69	Good	KU: entirely satisfactory and organised, although possibly with minor gaps. AS: entirely appropriate and accurate for all the expected tasks, applications and scenarios. MQC: sufficiently critical, entirely clear, well-structured, compliant with good academic standards.
Pass	Lower Second Class (2:2)	50-59	Competent	KU: adequate, analytical and critical in most aspects, possibly with sporadic gaps. AS: generally adequate and accurate for most expected applications, even in uncertain scenarios. MQC: discerning, clear and logical, generally accurate and in line with academic standards.
Compensable Fail	3 rd Class	40-49	Basic	KU: showing a basic grasp of the main concepts and logical links, but with sporadic gaps. AS: generally adequate for the essential tasks, although not necessarily systematic and accurate. MQC: clearly structured though basic, possibly including poor academic practice but no major offences.
Fail	Compensable Fail	35-39	Lacking	KU: elementary and patchy, with evident gaps. AS: rudimentary and inaccurate, although effective to some degree. MQC: somewhat unclear, possibly characterised by poor academic practice but no major offences.
	Fail	30-34	Severely Insufficient	KU: insufficient, sporadic and disorganised. AS: deficient, incorrect and/or ineffective in most aspects. MQC: insufficiently logical, coherent and/or not compliant with academic integrity standards.
		0-29	Extremely Insufficient	KU: absent (0) or severely deficient in all or most aspects. AS: absent (0) or completely erroneous and ineffective in most aspects or all aspects. MQC: not assessable (0) or extremely poor and incoherent in most or all aspects.
